

Flywheel puller with external thread

3055/4A

Profiles

Product features

- material: premium plus carbon steel
- surface finish: blacken to standard DIN 50938
- treads M10, M14, M16, M18, M24 are right hand, M27 are left hand

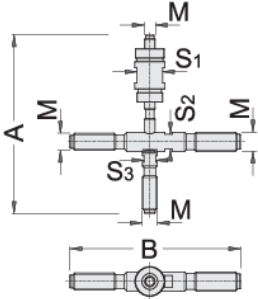

Advantages:

- The tool has 6 different sizes of external thread, thus enabling coverage of the majority of motor types that have a flywheel with an internal thread.

- allows flywheel removal without pulling motor from hull
- On each axis, there is an attachment for an open-end wrench that makes the removal of the magnet easier.

Usage:

- for removal of the flywheel with internal thread

	M	M1	M2	M3	M4	M5	S1	S2	S3	A	B
