Product features

We picked 48 pieces of our tools that are a perfect fit for a portable set, shop, home or team mechanics. The toolbox is designed especially for bike tools; it's made of heavy duty plastic and is waterproof and dustproof. It features a hangout pallet that hooks to the holes on the front side of the case, allowing you to have all your tools at hand. The pallet has 9 pockets that are designed to carry everything from pliers to open end wrenches. Flaps in the lid can be closed tightly with the Velcro straps; when closed, they also secure the tools in place. Open flaps and inner part of the lid give you 35 individual pockets to carry your tools. The biggest pockets can take our T handle hexes up to size 10 and a special small pockets can securely hold L shaped hex down to size 1.5 or similar small tools, so nothing ever gets lost.

Avantazhet:
